

STAEBLER INSURANCE

TTSAO & Driver Eligibility

February 2016

Staebler Insurance is proud to support and work with the TTSAO in building better drivers in Ontario. Due to the very critical, accredited curriculums that are mandatory for the members of the TTSAO, we feel that this can only lead to better, safer drivers.

The TTSAO works tirelessly to advocate and educate not only their students, but the Transportation Industry on a whole. Through their efforts, the Transportation Insurance Industry benefits by welcoming better, more highly trained drivers.

The evolution of truck driving has made industry pay more attention to preventative measures when looking at overall insurability of newly minted drivers. For this reason, the TTSAO is paramount in setting the highest standards of eligibility.

With respect

Lisa Arseneau, R.I.B.O.
